**Diamond Series** Certified by NSF to NSF/ANSI Standard 3-A, the Diamond BS Bases are ideal for high capacity bench and floor applications in food environments. The rugged base design offers an easy to clean, IP69K, spider design which helps to transfer shock loads and overloads away from the load cell, offering up to 150% overload protection.

**Options:**

- Ball-top shroud - Reduces operator lifting and bending.
- Portable cart - Easily move the scale from site to site.
